Vero Beach, FL 32960

Dear Ms. Bischoff:

As requested, I am confirming that Waste Pro is the contract hauler for the City of Port St. Lucie. We have and will always maintain the capabilities to service all new residential areas. This includes the Western Grove in the Tradition development.

As per our contract with the City of Port St. Lucie, we are required to add additional routes to cover the growth currently taking place throughout the county. Our current contract is for a period of ten (10) years.

Please let me know if you have further questions or if you need additional information.

Sincerely:

Waste Pro of Florida

Harvey Cotton
Division Manager
