

RE: Stone Road Energy
1833 Biltmore St
Port St Lucie, FL 34984

We are trying to obtain permitting for the property referenced above and we are at the state in the planning portal where it asks for a copy of the deed to be attached before moving forward. We are the lessee for this address and have no access to the deed. We are requesting that this letter serves as our intent to develop the property as indicated in our site plan.

Thank you, Blair Livingston
