Mike,

You are authorized to submit for a minor adjustment application to address the revised alternative parking layout.

I just got off the phone with our development folks and we're digging into the power concerns discussed earlier. Be back to you shortly on that.

Thanks!

Kim and George:

I am talking to Dennis Murphy (Culpepper & Terpening, Inc.) who is talking to the city. **Dennis needs an email from one of you that authorizes him to submit for a minor adjustment application to address the revised alternative parking layout (attached herein).**

Thank you,

Sincerely,
